The following is a list of names appearing in:

The Carlisle List: An account of Some Births, Marriages and Deaths in Middlesex County, Ontario, 1839–1866

Len Chester, editor

Sometime in 1839 someone in or near Carlisle in northern Middlesex County, Ontario, began to keep a list of significant events: deaths, births, marriages and some others. The list ends in 1866. Anyone with family living in that area during those years should consult this list. Strangely bereft of children's names, it records the vital steps of their parents' lives, sometimes with details recorded nowhere else, during a period when such events have escaped surviving records.
